

Announcement:

O, W & X Din Rail series moving to Lead-Free compliance
O, W & X Din Rail series discontinuation of Leaded series

12-June-2023

O, W & X Din Rail series moving to Lead-Free compliance and discontinuation of Leaded series models:

Dear Valued Customer,

As part of our product lifecycle management process, Bel Fuse provides notification when there are product changes or a product reached End-Of-Life (EOL) status. EOL decisions are based on our review of material availability, historical unit shipment volume and product revenue performance. Products designated for End-Of-Life will be available for a last time buy purchase prior to being made obsolete, depending on component availability.

Last Time Buy (LTB) orders accepted until: **30-Sep-2023**.

Last Time Shipments until: **31-Mar-2024**

After the indicated dates, the affected products will be considered obsolete. Acceptance of last time buy orders is subject to product and material availability and at the discretion of Bel Fuse. Every effort will be made to fulfill these orders. Purchase orders for these products will be considered Non-Cancellable, Non-Returnable (NCNR). If you have any questions concerning this End-of-Life notification, please contact your Bel Fuse Customer Support Representative.

The parts impacted by this notification are listed on the following page with models going EOL and their Form Fit Function Lead-Free replacement.

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Yours faithfully,

Audrey Boulot
Product Manager
Bel Power Solutions
